c. Parking lowering fee, lowed it to $2 per credit, we loaded Cambridge, still has an excess of funds, bike racks, and motorcycle parking, which means laying new cement. Electric cars plug ins. Leasing parking spots, look into what's going on, money would go to scholarships. We have statistics from the shuttle, average 30 a day, that's from all day, and from all stops, cutting budget for it, but if riders increase more money can be put into it, cameras by the new parking areas. Hopefully over the summer.
