

H2P (Health Professions Pathways)

Healthcare; a job for today...a career for tomorrow!

H2P Employee Champion of the Month: An important component of our H2P work is in being able to show grant outcomes, and this task would be incredibly overwhelming without the positive support of our Institutional Research Department, carefully guided by the Dean of Research and Evaluation, **Nora Morris**. Most specifically, **Jennifer Hennen**, Research Analyst, and **Elisabeth Palmer**, Director of Research and Evaluation have been very helpful in making certain Corrie has access and rights to the data she needs to complete the reporting requirements asked of each co-grantee. Jennifer works with Corrie to provide accurate, detailed reports to our National Office on a quarterly basis, which reflect our ability to meet strategy outcomes. Lis has helped Corrie become familiar with FERPA guidelines so as to ensure ARCC's protection per the state's data privacy regulations. Furthermore, ARCC has been asked to participate in a Retrospective Study portraying a "before H2P" picture, which Jennifer has happily agreed to help Corrie piece together yet this fall. We want to recognize and thank ARCC's IR team for their continued support and quick response to our H2P grant details.

H2P Partner Champion of the Month: Adult Basic Education (ABE) continues to be an asset to the H2P grant and our participants. They have been responsive to the needs of our students by designing a Math for Healthcare course, and our TEAS V and HOBET V Test Prep Course (more information found on the back).

Positive Grant Outcome: I am so happy to report to you that all 5 of the students that participated in the Summer H2P Math for Healthcare Prep class passed! Four received 100%, and one received 93%. Here is what one of my students texted me: "Thanks again! This has given me the confidence to get tutoring this semester and test out of math 200 so I can take chemistry next semester and not be a whole year behind where I wanted to be! Woo hoo!"

I can tell the H2P grant is helping many students, and I think it is a great thing to have in place. Thank you so much for all of the work that you do. Caroline Nerhus, ABE FastTrac Instructor, CC

Who's our Targeted Audience?

Trade Adjustment Assistance (TAA) Eligible—laid off due to product or service sent to another country

Veterans—Provide a copy of their DD214 (no dishonorable discharge)

Dislocated Workers—lay off letter or verification of unemployment insurance

Low Income Students—Pell grant recipient noted on Financial Aid or income guidelines (200% above poverty)

Low Skilled Students—students testing into a developmental education course or enrolled in a pre-college level course

Overarching goals:

- 1) Accelerate progress for low -skilled and other workers
- 2) Improve retention and achievement rates to reduce time to completion
- 3) Build programs that meet industry needs, including developing career pathways
- 4) Strengthen online and technology-enabled learning

This project was funded in part by a grant awarded under the Trade Adjustment Assistance Community College and Career Training (TAACCT) Grant, as implemented by the U.S. Department of Labor's Employment and Training Administration.

Anoka-Ramsey
Community College

Programs of Study (POS)

CNA (Certified Nursing Assistant)

TMA (Trained Medication Aide)

PTA (Physical Therapist Assistant)

Phlebotomy

Pharmacy Technician

LPN Mobility

ADN (Associated Degree in Nursing)

EMT (Emergency Medical Technician)

As a partner, we are committed to responding to the educational needs of the healthcare community by providing an opportunity for individuals to develop and enhance their knowledge, skills, and values in a supportive learning environment.

H2P Staff

Jan Pomeroy, Retention Coach 763-433-1468

Corrie Anderson, Data Manager 763-433-1138

Did you know? We are excited to share the news that H2P is collaborating with ABE to offer FREE test prep classes for students needing to prepare for the TEAS V or HOBET V exams. Students have the flexibility to sign up for a variety of options to meet their needs and schedules. Passing the TEAS V is a required component of the Nursing Application process and success on the HOBET V is required for our Pharmacy Technician Certificate and our Physical Therapist Assistant, AAS applicants. Class outcomes include:

- ⇒ Reduce test anxiety
- ⇒ Increase test taking skills and strategies
- ⇒ Strengthen math, reading, science, or grammar skills

Students choose to attend the series of math classes or the reading/ science/grammar classes or attend both – they are all **free!**

Classes meet in the afternoons or the evenings twice a week for five weeks (ten sessions each)

Math class is Monday and Wednesday from 1:30-4 OR Tuesday and Thursday from 4:30-7

Reading/Science/Grammar class is on Monday and Wednesday from 4:30-7 OR Tuesday and Thursday from 1:30-4

Classes start *October 23rd* at the Coon Rapids campus. Students are required to sign up for the class by contacting Jan Pomeroy, 433-1468 or Jan.Pomeroy@anokaramsey.edu. Space is limited.

Anoka-Ramsey Community College
