January 23rd, 2013

- I. 1:42: Call to Order
- II. 1:43: Roll Call and Establishment of Quorum
- III. 1:43 Approval of Minutes
- IV. 1:43: Approval of Agenda
- V. 1:44: Guest Speakers and Open Floor
 - i. 1:42: Higher One Speakers
 - a. Thomas: Are there any requirements the campus must fulfill by having you on the college? Higher One (HO): The Colleges are interested in this to increase efficiencies and saves time, resources, and staff.
 - b. Jose: How much longer does it take for HO to give disbursement? Because I [Jose] has heard HO doing it anywhere from One Day to One Week. HO: Goes by the policy of NACHO rules, from 1-3 days. Jose: What incentives is the college giving HO? HO: No monetary gains or directory gains (But, Student ID policy is waived by the college because HO is a third party).
 - c. Krystina: Why was it not passed through the Student Government and the Student Body when it was announced again? HO: It was fallen upon the college's CFO, not us.
 - d. Angela: Are opt-in incentives given on any standard basis? HO: Not typically, no.
 - e. Krystina: What's the difference between getting financial aid through the college instead of through HO? Like, what is the process why does it take longer to get to my bank through the college? Why is it so difficult? HO: It's the process in which the college does it. Think of it as a direct deposit vs. a paper check.
 - f. Thomas: ATM Charge for Students? HO: \$2.50
 - g. Dorothy: So, if we have to use a foreign ATM, we get charged one way or another? If not, Students have to be very mindful as to the charge so they can call in and get reimbursed? HO: If we were to see a strange charge on our account, we would call in right away.
 - h. Mary: So, are you guys a bank? Or an ADP? Because a lot of the literature refers to higher one as a bank. It's very misleading. HO: An ADP would be put fairly.
 - i. Angela: Can you go online to higher one to transfer money from your HO account to another bank account? HO: No, there is not. But, there are other ways around withdrawing more than 500 dollars at a time.
 - j. Thomas: 80% of college students live within 5 miles of the campus. Many of those students are fresh out of the high school? What is higher one going to do to educate students? HO: We have associates who sole purpose is to talk to students and educate Students, but a lot of the weight falls onto the college. We will work with the college, but the college has responsibilities as well.
 - k. HO: We don't give loans; all we do is transfer money from different accounts and disbursements.

- l. Kelly: What about Staff payroll? HO: That would be completely under the school's decision.
- m. Kelly: Opt-In twice for student workers? HO: We think you have to, but let us check and do some research.
