Charging students for travel, More than one reason to have a fee to travel, fund set up for student without money to spend on this, more students going on a trip means less of a fee. Cory ran numbers 10% of total trip cost divided between students going with a max cap at \$50, min \$10-15 showing they are responsible. (Nothing is set right now) hard to have a set number across the board. Make this as simple as possible. Zach motions to postpone Cora seconds.  
Marcellus Davis came to talk trying to bringing attention to human trafficking by an Event proposal, having a Seminar. Time is moving fast and he is asking for peer review. Chris thinks two different times would help in reaching more people. Talk to teachers and try to relate to this topic. Maybe try to get someone who was involved in the local busts to come speak. A Panel is sounded like is would work better. 3:31  
Sara

Enclosed bulletin board for us? Club stuff gets vandalized so an enclosed one in a high traffic area would be great. What size bulletin board needs to be researched and if we will use the same size as Cambridge. We would put ours in the bulge or maybe in a less high traffic area. Come back to this topic next week.  
SIP committee- place for faculty to purpose, with a budget. Need a student rep.
