 2. Based on new higher than expected reenrollment, the contingency fund has an extra \$1300; money that use to approve this will come out of the money set aside for the Rev Fund Project; we set aside \$400,000 with \$200,000 for D&D, so there is about \$130,000 is left in the budget; money is not specifically set and has no firm area it will go to
